Subject: Diamond Alkali - Passaic River RM10.9 Removal Action

Bill,

Just to close the loop on the discussion with Lyndhurst, I'm forwarding the email I sent to John Scagnelli last week, to which he responded on Friday January 4, 2013, copying you. (As I think Stephanie mentioned to Rob Law, we were reaching out to Lyndhurst in advance of the CAG meeting that will happen there on January 17.)

John Scagnelli called this morning and we talked about setting up a meeting on January 15, with EPA and the CPG. Subsequently, Stephanie learned that the CPG had already scheduled a meeting with Lyndhurst this week, on Thursday Jan.10. That sounds like a great idea, and depending on the outcome, the meeting on January 15 may be brief or we may all conclude a second meeting is not necessary.

I think we should plan to talk after the CPG-Lyndhurst meeting this week, to see what issues remain open with the Town.

Regards,

-Sarah

John,

I'm following up on my email to you on December 9, 2012, in which I suggested that EPA, the Cooperating Parties Group (CPG) and the Township of Lyndhurst meet in early January 2013. I expect your client has had an opportunity to review the CPG's 90 percent design report for the Passaic River RM 10.9 removal and may have questions or comments. Also, as you may know, on January 17, 2013, the Passaic River

Community Advisory Group meeting is being held in Lyndhurst.

EPA and CPG representatives are available on January 14 and 15. Could you please check with your client and advise if either of those days will work for you? Of the two, we prefer January 15, for what its worth.

I look forward to hearing from you.

-Sarah
